4. EAYG EMBLEM

Ulaanbaatar 2023

East Asian Youth Games

The design concept of the Ulaanbaatar 2023 East Asian Youth Games logo is inspired by the shape of the Toono which is one of the essential components of the traditional Mongolian Ger. The Toono firmly holds the walls together with Uni. It brings the sunlight down to the Ger, welcoming everyone inside to sit down together and converse.

Moreover, Toono and Uni together symbolize the sunlight, and if we imagine the Earth as a Ger, Mongolia is situated where the Toono is placed. Many people work together to set up the Toono. Therefore, our emblem represents the unity of participating athletes and representatives of East Asian National Olympic Committees under one roof.

Thus, let us come together under the Toono that our athletes have built - to showcase and exchange the culture, history, pride a love for sports as we all live and breathe under one Ger - Earth.

With our athletes coming from all parts and directions of majestic East Asia, we believe that their strength, will and achievements will help us create and hold a bright future together. Let us celebrate our love and respect for each other's culture, passion for sports and unity at the very first East Asian Youth Games in Ulaanbaatar in 2023.
